

# GOD HAS A PLAN. DO YOU KNOW HOW IT *ENDS*?

Articles and discussions about the end times and Bible prophecy abound in news headlines. Hollywood films have an entire “Doomsday” genre. And 2012 is believed to be the end of the world according to the Mayan calendar. What’s the fascination? Why is this? Do we keep pursuing “The End” because it somehow excites us? Or is it as world trends and conditions grow worse, uncertainty for our future is *increasing* and worry is deepening about what lies ahead?

No matter the reason, bestselling author Ron Rhodes believes that the Bible should be used as the only road map when pondering God’s plan for the ages. Ron reminds us that over a quarter of all the verses in the Bible contain a prediction about the future. Of these, 594 (over 80%) have already come true—ample grounds for confidence that the rest will also be fulfilled. In his newest release, *The End Times in Chronological Order*, Ron shows how to accurately follow the timing of prophetic events in a step-by-step voyage.

Through *The End Times in Chronological Order*, readers will learn:

- when important end-times events will happen in relation to each other
- who the major players in the end-times drama will be
- how to interpret the signs of the times
- how Old Testament and New Testament prophecies fit together
- why you can trust a literal interpretation of the Scriptures

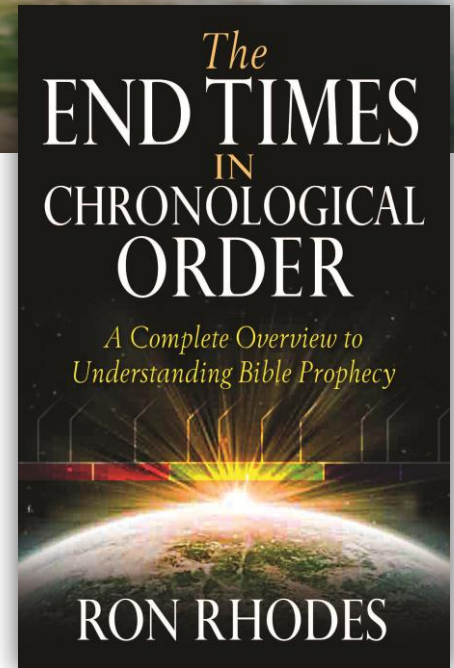

Let Ron be your prophetic tour guide, walking you event-by-event through the scriptures, from the past to the present and into the future. “For some, the book of Revelation is like a maze...but I have laid it out here as a simple, linear journey.” Ron’s ready for the trip. Are you?

**Ron Rhodes**, president of Reasoning from the Scriptures Ministries, is heard regularly on nationwide radio and is the author of *Unmasking the Antichrist*, *Cyber Meltdown*, and *The Topical Handbook of Bible Prophecy*. He holds ThM and ThD degrees from Dallas Theological Seminary and teaches there and at several other seminaries.
