

# What to say *when the* Jehovah's Witnesses *come* knocking

Christian apologist Dr. Walter Martin once remarked that the average Jehovah's Witness can make a "doctrinal pretzel" out of the average Christian in about 30 seconds! Ron Rhodes, author of *Reasoning from the Scripture with the Jehovah's Witnesses*, believes the reason for this is simple—Jehovah's Witnesses are typically much more prepared than evangelical Christians to defend their doctrines, due to rigorous Watchtower training.

What about you? Do you know how to answer a Jehovah's Witness? Ron Rhodes provides over 300 questions you can use in discussions with Jehovah's Witnesses to help them think for themselves about key doctrinal issues.

Rhodes offers key insights into Watchtower Society teachings on the deity of Christ, blood transfusions, holidays, the Trinity, and a host of other important issues. He then explains why specific Watchtower doctrines are unbiblical, helping evangelical Christians to discuss doctrinal differences with Jehovah's Witnesses in a respectful, yet effective manner.

Finally, Rhodes shows how Jehovah's Witness practices and doctrines have changed dramatically since the first edition of this book was published 15 years ago. Rhodes presents biblical facts that will enable Jehovah's Witnesses to see the truth about deceptive and dangerous Watchtower doctrines.

## Rhodes shares...

- ✦ Direct comparisons of the New World Translation and the Bible
- ✦ Answers to doctrinal errors held by the Witnesses
- ✦ Tactics and arguments used by the Witnesses—and effective, biblical responses
- ✦ Thought-provoking questions to help challenge a Jehovah's Witness' views
